STANDING TALL IN AFRICA

Sandton Convention Centre is the place to be - for unmatched professionalism and warm hospitality. We are Africa's preferred multi-purpose venue, providing a platform that can showcase your brand and inspire progressive thinking, new ideas and innovative solutions to local and global issues.

Our Story

Sandton Convention Centre opened in 2000 as a contemporary venue, custom-designed with state-of-the-art facilities, technologically advanced solutions and a professional team that is committed to streamlined and value-added service.

We have moved with the times and have exceeded the highest expectations set by our most demanding clients and visitors. Sandton Convention Centre has been host to a wide spectrum of global and local conferences, events and summits of all sizes and stature, catering for diverse clients including Heads of State, leaders of industry, large corporate groups, government institutions, associations and industry bodies, award ceremonies, performing arts, food and drink festivals, financial institutions and many more.

Our Ethos

You are our inspiration - to be a cut above in all we do; to be relevant and valuable in the industry we serve; to provide a platform for growth and an environment that is creative and dynamic, with the energy to meet every need.

"We believe that it is every organisation's responsibility to understand the circumstances that allow it to exist. Looking at the current environmental impact on business in South Africa, with the energy crisis and the depletion of natural resources, it is imperative that corporate South Africa initiates and perpetuates the environmental change required to create a sustainable future."

BEAUTIFUL SPACES

Sandton Convention Centre is a beautiful, modern, 7-storey building with 22 000 square metres of convention, exhibition and special event space. We have the ability to stage multiple events simultaneously on four levels and up to 10 000 visitors can be accommodated at any one time.
