Understanding your timeshare

Q What do I own?

A You own shares in a Shareblock Company which leases or owns a resort property and these shares give you the right to occupy a specific unit and week each year, as well as access to all of the amenities and facilities at that specific resort property.

Q What do I need to know about levies?

A • The annual levy ensures that your leisure investment is protected, maintained and upgraded. Levies are spent on the same day-to-day maintenance and improvement projects that one would undertake to protect the value of one's own home. Most resorts also build up a non-profit reserve of cash, to ensure that the property and its amenities and facilities are maintained and upgraded to the standards expected by timeshare owners.

• Levies are calculated annually by the Resort Management Company and a budget is presented to the Directors of each respective Shareblock Company, for approval. Shareblock Directors are elected at Annual General Meetings and represent the interests of all timeshare owners. Any Shareholder is eligible for nomination and election to the Shareblock Board of Directors, and all Shareholders are welcome to attend the Company's Annual General

Meeting. Details of the financial status of each Shareblock Company are accessible in the form of the Annual Financial Statement, a copy of which is sent to every owner.

• Levies are payable 90 days before occupation (unless you have banked / rented / placed in rental pool, more than 90 days from the date of occupation, in which case your levy will become payable sooner).

• If levies are not paid at 90 days before occupation date, then occupation of the week is forfeited for that year and the process to cancel the agreement and reclaim the shares in respect of the week will begin.

• Your levies can be paid online at <https://www.southernsun.com/timeshare>

Q What can I do with my timeshare if I do not wish to visit the resort at which I own, in any particular year?

A • You can deposit your week with SunSwop (Southern Sun's timeshare exchange company) for the purpose of exchanging to another resort within the Southern Sun Resorts portfolio, or you can exchange internationally through RCI®.

• You can place your week in the Resort's rental pool. The resort will then endeavour to rent out your week and the proceeds of the rental will then be shared between own-

ers who have placed the same week in the pool. The resort charges an administration fee to do this. Should you wish to make use of the rental pool, you would need to notify the Resorts Central Administration office in writing at least 90 days before the start date of the week which you own, together with the proof of the levy payment. (Rental pool is the least used option amongst owners wishing not to use their timeshare week in a given year).

• You can give your week to family or friends to use (referred to as a "Private Arrangement"). It is important to notify the Resort's administration of the name and contact details of the person who will be occupying the unit, prior to occupation. It is also important to note that levies need to be paid when submitting Private Arrangements.

• You can give your week to our Resort agents who will endeavour to rent this for you. In this case (different to the rental pool option), you will receive the full proceeds of the rental, save for a commission which is payable to the Resort's agent.

Q What do I do if I wish to sell my timeshare week?

A • Speak to our experienced sales agents who will best advise you on market conditions, pricing etc.

Frequently asked questions

Q How do I deposit my week with SunSwop?

A Simply contact the SunSwop call centre and ask them to deposit your week. Remember that your levy will become payable when you deposit the week if its commencement date is more than 90 days away.

* Exception Bantry Bay
Refer to the resort for more information

Q Am I able to deposit only a portion of my week at my home resort (e.g. a weekend or midweek) with SunSwop if I wish to occupy the other portion?

A Since 2012 you have had the option to deposit only the portion of the week that you will not be occupying. For example, if you wish to occupy the weekend portion of your week at, say, Drakensberg Sun, you would be able to deposit the remaining midweek portion with SunSwop and receive the relevant trading points for this midweek. This needs to be deposited in advance to receive applicable points according to the SunSwop Trading Points table in this directory. Note that weeks are split into weekends and midweeks according to what resorts allow. Thus, Fri check-in resorts have a three-night weekend (Fri, Sat and Sun) and a four-night midweek (Mon, Tues, Wed and Thurs). Sat check-in resorts have a two-night weekend (Sat and Sun) and a five-night midweek (Mon, Tues, Wed, Thurs and Fri). Peak weeks cannot be split, and need to be deposited in their entirety.

* Subject to change at management discretion

Q What is the lifespan of my deposited weeks?

A 36 months from the date of deposit.

Q Can I cancel the deposit of my week?

A No, you can't. By depositing your week with SunSwop you have relinquished the right to occupy it, and that week may be assigned to another member prior to the submission or fulfilment of an exchange request made by you.

A You can deposit your week with SunSwop until two months (60 days) prior to occupation without incurring any penalty. Should you deposit your week within 60 days of occupancy, you will lose a percentage of your SunSwop trading points.

Q Will I receive extra points for banking my week early?

TRADING POINTS GUIDE

To use your trading points you need to know the value of the week that you own. To find this, you would need to go to the relevant page in this directory which reflects the calendar and points value for the geographical region in which your resort is located. It is important that you know the week number and the size of the unit which you own.

If, for example, you own a week at uMhlanga Sands, you would refer to the page which shows the values for the KZN North Coast region.

Now refer to the calendar which shows the week numbers to determine the colour of the week owned for the particular year in which you wish to deposit your week, e.g. week 30 = Red for 2012.

Take a look at the points table which shows your resort and look specifically for the full week value of a red week in the unit size which you own, e.g. if you own a 2 bedroom unit, the value of the week would be 6450 points.

RESORT	OCC	PEAK				RED			WHITE		
		Peak 4	Peak 3	Peak 2	Peak 1	Full Wk	Wkend	Midwk	Full Wk	Wkend	Midwk
uMhlanga Sands Resort	0/04	9075	7150	6450	5225	4550	2275	2275	3575	1790	1790
	2/06	13200	10250	9350	7425	6450	3225	3225	5200	2600	2600

To determine the value of the week into which you wish to exchange, you would use the same method, e.g.:

- select the region in which the resort is situated
- select the resort into which you wish to exchange
- check the colour of the week into which you wish to exchange by using the regional calendar
- select the unit size required

E.g. if you wished to exchange into a 0/04 unit in week 20 (white week) at uMhlanga Sands, the value required for this exchange would be 3575 points.

PLEASE NOTE: The calendars and trading points provided throughout this directory were correct at the time of printing and subject to change without notice.

**** PLEASE NOTE** that some units cannot accommodate six adults. The unit might have sleeper couches that can only fit children 12 years and younger. Kindly confirm this with your call centre agent.

The trading points received for depositing your week with SunSwop are valid for the current year, plus two years.

Note: The OCC column lists the types of units and the number of people that can occupy the unit.

E.g. 3/08 means 3 bedrooms in the unit that sleeps 8, this includes a sleeper couch suitable for young children.
